TERMS OF REFERENCE FOR THE PROCUREMENT OF A SERVICE PROVIDER TO PERFORM A V.A.T. REVIEW, AUDIT & RECOVERY

BID NO:8/2/3/1-2020

PURPOSE

This report purports to outline the terms of reference for the appointment of a professional service provider perform a Value Added Tax (VAT) Compliance and Recovery Review and Audit for Sedibeng District Municipality.

BACKGROUND

In keeping with the required outcome of the Finance cluster as per the SDBIP “Improve the financial management and performance of the municipality” the end-user department of Financial Management & Budgets calls for the services of a professional service provider to perform a review and audit of the municipality’s VAT compliance, and where applicable, to make application for recovery from South African revenue Services (SARS).

CONTRACT OBJECTIVES, ASSUMPTIONS AND RISKS

Service providers with the capacity, technical knowledge and experience shall be invited to provide a proposal for VAT Review, Audit and Recovery for Sedibeng District Municipality.

SDM shall require a Value Added Tax (VAT) Compliance and Recovery Audit review, the purpose of which will be:

- Providing assurance that VAT is appropriately treated and ensuring compliance with the VAT Act and any potential areas of risk are identified.
- Review the accounting transactions to identify over payment of output tax and under claiming of input tax to the South African Revenue Service (“SARS”).
- Review prior VAT recovery exercises for compliance and accuracy.

- Identification of areas where savings of VAT can be achieved, both with respect to past and future tax periods.
- An evaluation of the policies and procedures having a potential influence on VAT.
- Recommend any corrective measures.

TRANSFERRING OF KNOWLEDGE

Where a need for VAT training is identified on the recovery areas secured, the service provider will provide such training to the relevant employees. Training will be in the form of “on the job” transfer of knowledge and if both parties agree, a presentation to relevant employees on the relevant VAT issues relating to the findings of this assignment. Further, the service provider will offer guidance on obtaining similar recoveries in future.

A VAT manual which details the specific operational areas relevant to SDM and explains the VAT treatment of the relevant transactions concluded in such operational areas shall be prepared for knowledge continuity purposes.

SCOPE OF THE WORK

Deliverables:

The service provider shall be tasked with the following scope of work:

- a) The service provider has to indicate how it envisages to accomplish VAT saving opportunities;
- b) Provide period(s) to be covered by the review and the reason for such period;
- c) Demonstrate the understanding of the Value Added Tax Legislation relating to the Municipalities;
- d) Demonstrate the knowledge and experience of South African Revenue Service (SARS) processes, particularly with the large businesses and/or large municipalities.
- e) Demonstrate how post review audits by SARS audits and other audits will be managed.
- f) Demonstrate how the service provider is going to transfer knowledge and skills to the current personnel of the Municipality who deal with VAT matters.

EXPECTED OUTPUTS AND OUTCOMES

As part of the review the following (but not limited to) must be addressed:

General Issues

- Documenting and understanding the VAT accounting system in place. Understand the business process of recording VAT transactions.
- A review of VAT apportionment rate applied.
- A review of the divisions’ chart of accounts to identify key accounts that may have significant VAT implications.

- Liaising with the local SARS office with respect to the recovery of VAT claims.
- Attending to and resolving any queries raised by SARS on behalf of SDM.

Output tax

- An identification of the various income streams and appropriate VAT treatment thereof.
- A review of sundry income accounts and an evaluation of the VAT treatment thereof.

Input tax

- An evaluation of the policies and procedures in place to identify and claim input tax correctly.
- Limited walk-through tests to ensure correct recording of transactions.
- A review of a sample of invoices for compliance with the VAT legislation.
- A detailed review of input VAT reflected on one month's VAT return, including obtaining copies of supporting documentation and review thereof.
- A review of the VAT treatment of known problem areas in VAT

The above procedures will be undertaken by holding discussions with management and the personnel responsible for the VAT accounting function in order to obtain and understanding of the business and its processes.

Identifying indirect tax recoveries

The service provider must offer their expertise and knowledge of the South African VAT legislation and its application with the view of identifying potential business where recoveries can be secured.

The objective is to identify recovery opportunities that could take any of the following forms:

- Increased VAT (input tax) deductions;
- Reduced VAT (output tax) payments;
- Refunds of interest and penalties previously paid or payable to SARS.

Implementing corrective measures

Where recovery opportunities are identified, the service provider will quantify the amounts and provide SDM with the required information in order to submit a claim to SARS. In this respect, SDM will be assisted in completing and submitting the refund application(s). Thereafter, the service provider will liaise with SARS on behalf of SDM and provide them with all required information in order to enable SARS to accept and pay the claim(s). Further, the service provider will facilitate any audit which SARS may wish to perform on any VAT refund figures as well as negotiating on any technical issues arising from the claims.

Criteria	Weighting
1. Bidder's understanding of the brief.	30%
Compliance with bid/ technical conditions	
a. Deliverable (a)	5%
b. Deliverable (b)	5%
c. Deliverable (c)	5%
d. Deliverable (d)	5%
e. Deliverable (e)	5%
f. Deliverable (f)	5%
2. Proposed methodology, completeness and clarity of proposal.	30%
2.1 Costings based on set percentage of the monies (if any) recovered from SARS	9%
2.2 Project activity plan	9%
2.3 Meticulousness and thoroughness of proposal structure	12%
a. Deliverable (a)	2%
b. Deliverable (b)	2%
c. Deliverable (c)	2%
d. Deliverable (d)	2%
e. Deliverable (e)	2%

f. Deliverable (f)	2%	
3. Experience and expertise demonstrated		40%
3.1 Number of years relevant experience	20%	
3.2 Number of contracts of similar nature	20%	
TOTAL		100%
<i>(minimum functionality score for responsiveness) = 60%</i>		

Where experience and expertise demonstrated will be determined as follows:-

Number of years relevant experience in successfully performing similar service within local government	0 yrs	< 3yrs	3 < 5yrs	5 < 10yrs		+ 10 yrs
	0%	5%	10%	15%		20%
Number of contracts of similar service within local government successfully completed	0 contracts	<3 contracts	3 < 5 contracts	5 < 10 contracts		+10 contracts
	0%	5%	10%	15%		20%

Please Note:

The service provider to provide a comprehensive and traceable reference list with up-to-date contact information to bear evidence to the experience and expertise cited.

This matrix is to be used as a guide only to ensure a consistent approach is taken when scoring. Technical Evaluators will have the scope to use their own judgment and discretion when awarding scores under each evaluation criterion and they should make appropriate notes to validate all scores awarded.

Score of 5: (EXCELLENT) A score of 5 will indicate that bidders have addressed all, or the vast majority of, points under each criterion, as well as demonstrating a deep understanding of the project. All solutions offered are linked directly to project requirements and show how they will be delivered and the impact that they will have on other areas and stakeholders. Proposals will contain novel or creative ideas which are realistic and which would enhance the service provision. To be awarded a score of 5, bids would exceed normal expectations and should clearly be seen as offering value added solutions.

Score of 4: (VERY GOOD) A score of 4 will reflect that bidders will have addressed in some detail all, or the majority of, the points listed under each criterion. Evidence will have been provided to show not only what will be provided but will give some detail on how this will be achieved. Bidders should make clear how their proposals relate directly to the aims of the project and be specific, rather than general, in the way proposed solutions will deliver the desired outcomes.

Score of 3: (FAIR) A score of 3 will again address the majority of the points under each criterion but will lack some clarity or detail in how the proposed solutions will be achieved. Evidence provided, while giving generic or

general statements, is not specifically directed toward the aims and objectives of this project. Any significant omission of key information as identified under each criterion will point towards a score of 3.

Score between 1 and 2: (POOR to AVERAGE) A score in this range will reflect that the bidder has not provided evidence to suggest how they will address a number of points under the evaluation criterion. Tenders will in parts be sketchy with little or no detail given on how they will meet project requirements. Evidence provided is considered weak or inappropriate and it is unclear how it relates to desired outcomes.

Score of 0: (VERY POOR) A score of 0 will result if no response is given or if the response is not acceptable and does not cover the required criteria.

REPORTING

The service provider shall report periodically to the Director: Financial Management & Budgets on progress.

A report and schedule, which sets out findings on the compliance review and the recovery areas identified, will be issued. Any areas of exposure identified during this assignment, shall be listed in the report.

Specific findings will be regarded as confidential and details relating to SDM will not be disclosed to any person outside of the organisation.

Should it be necessary to obtain a directive from SARS to confirm interpretation of the legislation in respect of the issues giving rise to the VAT recoveries, the service provider will liaise with the SARS office where necessary and undertake not to reveal SDM's identity without its prior consent.

MONITORING AND EVALUATION

For the purpose of monitoring and contract management, the service provider shall report project status inclusive of deliverables and milestones on a periodic basis. It will be required that milestone achievement progress be reported to the Director: Financial Management & Budgets.

BUDGET

The review shall be conducted on a success basis and the service provider's fee shall be calculated at an agreed upon percentage of the monies (if any) recovered from SARS. Should there be no recoverable amounts secured, SDM shall not be liable to pay a fee.

Fees will become payable on the issue of an invoice as well as the realization of recoveries. In this respect, "realized" has the meaning of a VAT refund accepted **and** paid by SARS respectively or an offset allowed by SARS against any tax liabilities.

"Recoveries: will be quantified as:

- Additional input tax deductions or any other VAT deductions not utilized, identified and recovered as a result of this assignment; and
- Output tax incorrectly paid to SARS, identified and recovered, to the extent that the output tax does not have to be refunded to a third party.

The amount of recoveries will not be reduced by any additional output tax that may be payable to SARS as a result of areas of risk that are identified during this assignment, nor will any input tax over-claimed be brought into the computation of “recoveries”.

SCHEDULE OF THE ASSIGNMENT

This assignment does not constitute an audit and therefore the timing of the assignment is flexible and can be planned to suit the requirements of SDM and its personnel, within a reasonable time frame. Once an agreement has been reached on the terms of the assignment, the timing of the actual execution of the relevant procedures can be agreed upon.

INTELLECTUAL PROPERTY

Sedibeng District Municipality shall reserve the right to retain all rights to the intellectual property and copyrights of the documents inclusive of working papers and frameworks. The work will be prepared solely for the use of SDM. It is not intended for the use by any other parties and may not be relied upon by any other party. SDM will not accept any liability for any unauthorised use of the work resulting from this engagement.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:

- a. take all reasonable steps to prevent such abuse;
- b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
- c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

4. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

10.
